

Evaluation

Proposals for the evaluation of the evaluation of project implementation are presented here.

... information

Look back at the project. What worked? What didn't work?

Evaluation of project process

Requirement	fulfilled?			Remarks
	yes	-	no	
The end result fits exactly customer needs?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
The end result looks like virtual version?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
The practical implementation seems well-engineered?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
The time schedule was kept?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
The virtual version of the led-sign (simulation) acts exactly like the real implementation?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
The steps of problem solving were worked through one after the other?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
If planning errors were detected during implementation, the necessary previous project steps were repeated.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	

Evaluation of professional aspects

Requirement	fulfilled?			Remarks
	yes	-	no	
I see an advantage in the simulation of solutions before the actual implementation begins.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
I have understood the basic procedure for programming algorithms.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
I increasingly understand how data is stored in the cloud.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
I am aware of how easy it is to connect any device to the Internet.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
I understand that simple metadata, such as the recording of the presence of persons, affects privacy.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
I have understood basic principles such as the publish/subscribe-pattern of cloud communication.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
